

HRSC Webmaster's Report for November 29, 2017 to January 21, 2018

SUMMARY

- No major activity since the last report on November 28.
- The nature of the website could change as a result of discussions about a possible merger of the Garrett, Honeywell and Sperry retiree clubs, but so far nothing more than the airing of ideas has occurred, for example, having the main part of the website, (including all event information), and the Scholarship Foundation section, little changed, but also having specific sections for information relating only to (a) non-Garrett and non-Sperry Honeywell, (b) Garrett and (c) Sperry.

WEBMASTER ACTIVITY

Updates and Changes to Website Pages since last Report

- Made topical updates to pink splash section of the Home Page.
- Made routine additions to the Archives page for board minutes, treasurer's reports, online Bridges, and 2014- photo gallery.
- Made updates to upcoming event information.
- Posted December and January online Bridges.

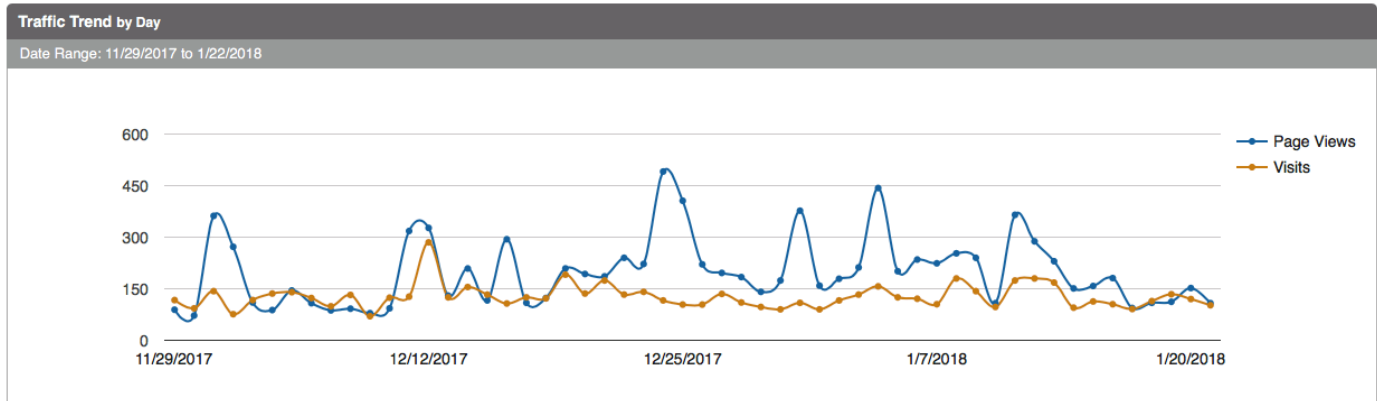

Email, Hotline and Website Administration

- Made routine December and January eBridge distributions, mailing list updates and email transmissions.
- Handled routine Hotline emails about retiree deaths, address changes, membership renewal not working, incorrect information in member database, requests for links to be added to our website, etc.
- Performed a routine check of the entire website for dead links. As previously noted, there are still quite a few dead links in older Archives items, especially for missing images for online Bridges in the Archives older than November 2014.

HRSC Webmaster's Report for November 29, 2017 to January 21, 2018

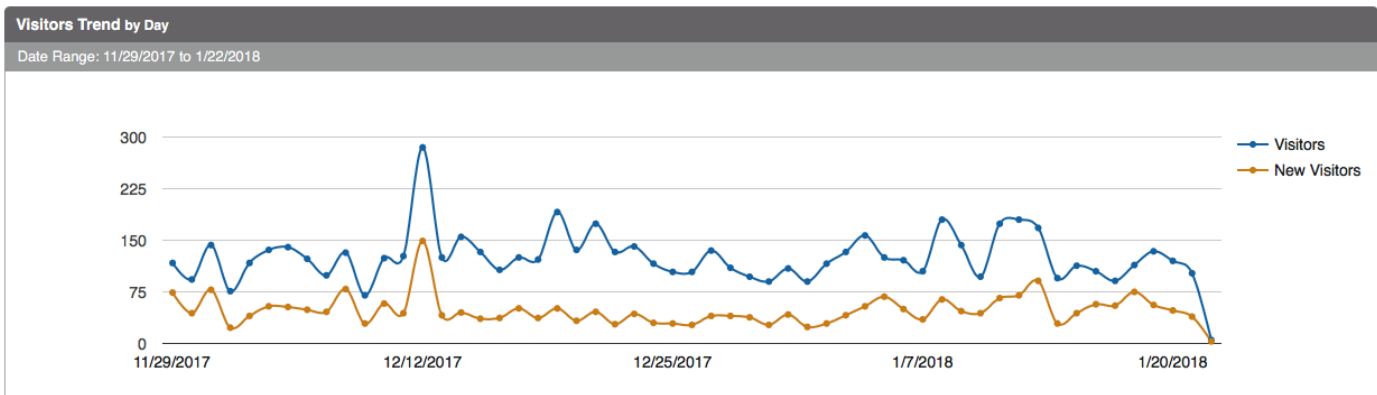

WEBSITE STATISTICS

Site traffic report for November 29, 2017 to January 21, 2018:

The peaks were mainly due to our old friends OVH SAS in France and Linode in the UK. Both have been previously assessed via the Abuse IP Database as not posing a risk to our website. For the second time, we were also visited by Google search spiders, which contributed to the peaks. There was no significant activity from any malicious IP addresses.

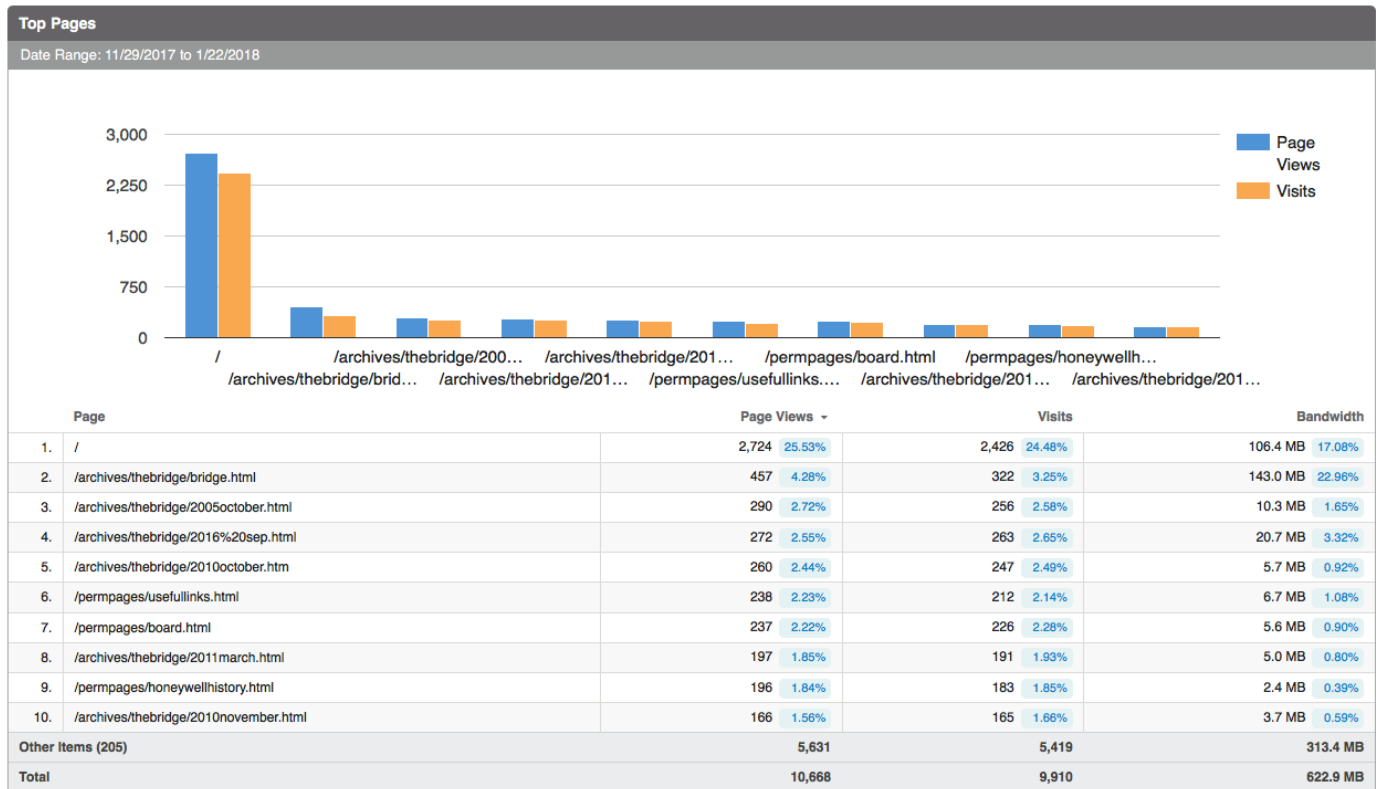

Site visitors report for November 29, 2017 to January 21, 2018:

Visitor traffic increased slightly this reporting period to 127 visitors per day, similar to the last few reporting periods, but about twice the levels of the first half of 2017.

HRSC Webmaster's Report for November 29, 2017 to January 21, 2018

The most visited pages for November 29, 2017 to January 21, 2018:

The Online Bridge was again the most popular this period, (after the home page), followed by several online Bridges from the archives, Useful Links, The Board and Honeywell History.

Other notable items:

- 43% of page views were from the UK, but they only accounted for 4% of bandwidth usage The USA had 24% of page views, but 81% of bandwidth. France had 7% of page views, but only 1% of bandwidth; Germany had 3% of page views and 6% of bandwidth.
- Within the USA, Arizona accounted for 37% of page views and 74% of bandwidth; similar to the previous three reporting periods. Valley of the Sun cities accounted for 32% of page views and 55% of bandwidth.
