## **HRSC Webmaster Report for May, June and July 2015**

### **WEBMASTER ACTIVITY**

#### **(1) Handover of Responsibilities**

I have gradually taken responsibilities over from Russ Henzel, and the handover was completed on August 20. As I have learned the intricacies of the website, and especially the procedures for generating and using updated mailing lists for each Bridge distribution, I realize that we owe a huge vote of thanks to Russ, who performed all the tasks so diligently for many years.

#### **(2) Updates and Changes to Website Pages**

I have reviewed each website page and started making some updates. The most significant change is that the website now has only one summary and detailed listing for upcoming events, and they are in the online version of the Bridge, which will be updated as new event information becomes available. Clicking EVENT SCHEDULE on any page of the website now takes the user to the event summary section of the online Bridge. Other changes are:

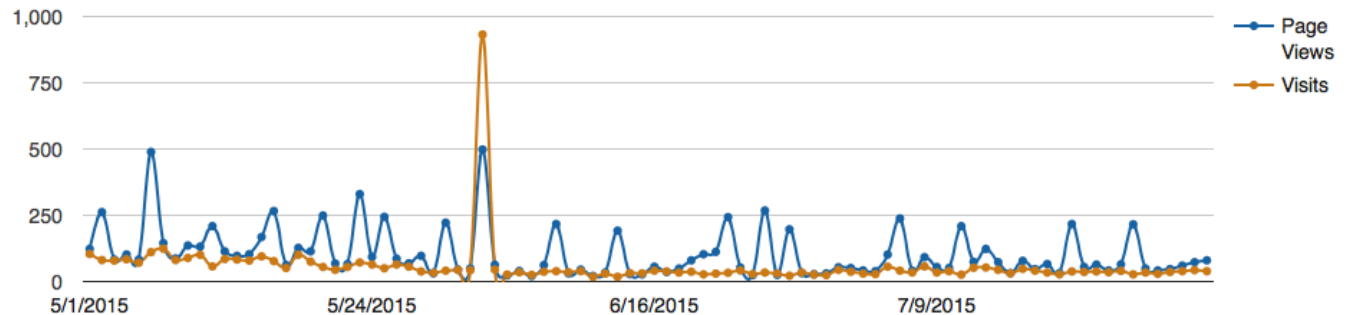

- Update and expansion of PHOENIX AREA ATTRACTIONS (In progress)
- Bringing the ARCHIVES up to date.
- Adding information to USEFUL LINKS.
- Adding links to other versions of HONEYWELL HISTORY

The most noticeable item is the spike on June 2. Most of these visits apparently came from the cities of Binyamina and Yavne in Israel, and were probably programmatic.
