

Annual Audit Process for Honeywell Retiree Social Club of Arizona (HRSC)

Approved 28-Sep-2016, Updated 22-May-2017, 13-Jun-2017, 6-Jun-2018, 21-May-2019

A yearly audit is a key safeguard for the Honeywell Retiree Social Club's money and a planning tool for the year ahead. An annual audit is an important tool to keep the organization's financial house in order. The audit verifies the numbers, ensures accuracy, and assesses financial procedures. An audit provides the highest level of assurance that the HRSC's financial statements are fairly presented and free of misstatements.

Audit Committee

The HRSC's Board of Directors will designate an audit committee to perform a financial audit at the end of each fiscal year. Ideally, the committee is chosen before the end of each fiscal year (i.e., before April 30) and the audit is performed in the May time frame.

The audit committee should consist of three to five people who have not had access to the HRSC's checkbook or bank account.

Because questions might arise about the details of HRSC's operations, it can be helpful to include an officer, perhaps the vice president or secretary, as a member of the audit committee. At a minimum the committee should include one board member and two volunteers from the general membership. The treasurer should be available to answer questions but should not sit on the committee.

Records to Assemble for Review

Here is a checklist of records that are used for a comprehensive annual review.

- Treasurer's reports, which include
 - Monthly listing of income and expense transactions, categorized
 - Summary of assets and liabilities each month
 - Monthly and end of year income and expense totals; annual budget or projections as available.
- Bank statements for the year
- Deposit slips and any income detail listings
- Vouchers for all expenditures
- Check register
- Proof of appropriate IRS registration (IRS Form 990-N) since the organization is registered as a 501(c)(7) organization; and proof of appropriate registration with the AZ Corporate Commission
- Any written treasurer procedures or training materials

Audit Tasks

1. Verify that the appropriate check signing authorities (treasurer and president, per the bylaws) are current with the bank.
2. Verify that IRS Form 990-N is updated and filed as required by the IRS.
3. Verify that the Arizona Corporation Commission forms are accurate and updated as needed.
4. *Verify, via the bank statements, that the financial assets exist. Verify existing Certificates of Deposit (CDs) and dates associated with them.
5. *Review the bank statements for any unusual fees or withdrawals (check printing fees, for example). Verify proper record keeping for these items.
6. Verify funds received from members for membership in future years are accounted for appropriately (e.g., as liabilities on the balance sheet).
7. Complete or review and approve the financial review worksheet (sample attached) that summarizes the fiscal year's financial activity, including (but not limited to) beginning cash balance, total receipts during the audit period, disbursements, and ending cash balance, as well as reconciliation of the HRSC book balance(s) with the bank account balance(s).
8. *Verify that the treasurer's reports add up from month to month. Verify that correct ending balances on one month's report are the starting points for the next month's report.
9. *Verify that all deposits made during the year have been logged accurately and assigned to the proper category.
10. *Verify that all checks written during the year are accounted for, approved, and that they have been posted to the proper category.
11. Prepare an Audit Report for the HRSC Board of Directors indicating the accuracy of the records and the reports. The Audit Committee should submit a signed statement that the review has been completed and the books have been found to be in order. Make any notes or recommendations as seen fit, such as suggested improvements to internal controls like record-keeping and cash-handling. If the audit committee has found any exceptions during the course of the review, such as an unrecorded check or a mathematical error, those should be noted and included in the report, along with the steps taken to correct the exception.
12. Return the documents used in the audit to the Treasurer to be included in the permanent archives.

*At the discretion of the audit committee, Steps 4, 5, 8, 9, and 10 may be performed on a subset of randomly selected months.

HRSC Audit Committee: Process for Audit Tasks
