

## **The Photographer**

The Photographer of the Honeywell Retiree Social Club of Arizona is responsible for taking photos of HRSC events that are of interest to the general membership.

The Photographer should try to ensure that faces are readily recognizable, in other words, of a reasonable size, and well and evenly lit.

When the Photographer is unable to attend an event, the Photographer should designate one or more attendees of that event in advance to take photos and send them, or a link to them, to the Photographer.

Regardless of the source of the photos, the Photographer will select the best and edit them when necessary.

Wherever possible, the names of the people in the photos should be put in captions, unless the people have easily legible name tags.

These photos, or a link to them, are then sent to the Bridge Editor and to the Webmaster.

### **NOTE**

“Photos” above could also include videos where there is a particular reason to do so, but this is expected to be infrequent.
