## JANUARY

*"For last year's words belong to last year's language. And next year's words await another voice. And to make an end is to make a beginning." – T.S. Eliot*

WHEW...2020 is *finally* over! The end of 2020 brings a new beginning in 2021. Let's hope we see an end to COVID and the beginning of health in the new year.

The Scholarship Board hopes everyone had a wonderful holiday season. Please continue to stay safe and healthy as we navigate through this global pandemic.

Our application process for this year opened on December 1. We have a new e-mail address dedicated to receiving all applications. So please make sure you visit our website at [www.hrcaz.org](http://www.hrcaz.org) and click on the Scholarship tab on the left to ensure your student has the newest application. Also, please instruct your student to fill out the application completely and correctly – thanks!

April 1<sup>st</sup> is the deadline for application submission each academic year so be sure you get our application to your student in a timely manner.

Here are the criteria for the relative and student in order to be eligible:

- Member must be 50+ years of age, a member of the Honeywell Retiree Social Club or Honeywell-Garrett Retiree Club and with dues current.
- Student must be your descendant (children, grandchildren, great-grandchildren or great-great grandchildren).
- Student must be currently enrolled at Arizona State, Northern Arizona or the University of Arizona as either an undergraduate or graduate student.
- Student must have a 3.0 grade point average (GPA) or better.

If you can answer YES to all of the previous questions, then your college student is eligible for a scholarship from the Honeywell Retiree Clubs Scholarship Foundation (HRCSF). This means **FREE MONEY \$\$\$** for your student to aid them with their college expenses, help them achieve their goals in life and become productive members of the community and society. These funds are available to our students through the generous contributions of our retiree club members and Honeywell. The scholarships usually range in value from **\$500-\$1,500 per academic year**, depending on total donations.

### **WHY SHOULD YOU DONATE?**

- The Scholarship Program is qualified as a 501(c)(3) so donations may be tax deductible on your state and federal returns (check with your tax advisor).
- We live in a global economy. The ability of the United States to maintain its leadership role in the world, and the resulting benefits which accrue to us as citizens, demand an educated workforce as well as educated citizens and voters.
- Supporting education by donating to scholarships is in your own interest! When you donate money to our scholarship fund, think of it as paying it forward by investing in a student's future.
- By helping someone afford a college education, you are raising their salary potential and hence the tax base. This is a good thing for everyone - better roads, better schools, better teachers, more doctors just to name a few.
- Successful, well run communities attract more investment. Not to mention more folks with jobs paying into Social Security and Medicare which is something all retirees are interested in preserving.
- Giving makes you feel good, strengthens personal values and shows your children and grandchildren what you value and care about.
- Best of all, giving to the Honeywell Retiree Clubs Scholarship Foundation means every cent is used for scholarships.

Review your charitable contributions and please consider adding this Scholarship Program to your list of worthy causes.
